

KEY STEPS TO CARRY OUT A BIBLICAL MONOGRAPH

JEISSON LARA U.

- Verse/Fragment:
- Presentation. *analysis question*
- Table of contents.

OPENING TO RESEARCH:

- General and specific objectives. *it is essential, the verse can present diverse theological points, the objectives limit the research*
- Justification. *Why? and What for?*
- Analysis question.
- Introduction.

THE INVESTIGATION PROCESS:

- The problem approach.
- Verse(s) in different biblical versions. *comparative table*
- Developed Verse(s) into the biblical language.
Hebrew/Greek or Aramaic, show the process
- Contextual analysis. *cultural, social, political, historical, economic, archaeological, E.G.W¹, scientific, literary figure, addressee, geographical map(s), philosophical and religious*
- Verse/fragment's commentaries. *especially those that cause discrepancies*

THEOLOGICAL CLIMAX:

- Universal conclusions. *affirmations/statements, not paragraph*
- Personal conclusions. *affirmations/statements, not paragraph*
- Theological reflections. *according to what you investigated, how can be the person more near to Christ?*

FINAL DATA:

- Lexicon. *meaning of words found in the investigative process*
- List of references.
